Chatting with the Chae

Greetings from South Korea!

How are you everyone?

The time flies and the tree leaves are turning the colors of this season. I am grateful to God for the privilege of serving the churches and youth of Korea and sharing the gospel with them. I am glad to share with you what our team has been doing, and our news, from September and October.

1. Ministries

I have continued to visit pastors and churches across Korea, emphasizing a partnership ministry in which Korean church youth can hear the gospel from Christian friends. By God's grace, I have met many pastors who care about reaching the next generation, and young people in particular, with the gospel.

One thing I can say with confidence is that God is still seeking and saving lost souls, and He uses us who believe to do that work. I share the gospel wherever He calls me to go. Sometimes that is a school, and sometimes it is a church. On October 1, I was invited to speak at a school chapel and shared the gospel with 270 students. By God's grace, 8 of them received Jesus as their Savior, and more than 25 committed to telling their friends about Jesus as Christians in their own lives. I am also currently serving in Core Training, a program at a local church that equips students to share the gospel with their friends and disciples them. There are 4 students who heard the gospel and received Jesus. Praise the Lord!

Not long ago, a young man who graduated several years ago from SYME, our young adult discipleship program, contacted me, and we spent time together in fellowship. He works at a job and lives out his faith, and he has shared the gospel with his girlfriend and with others. This time he visited me with her, and she shared her testimony of how she came to receive Jesus. I also shared my own story of how I received Jesus. That time of fellowship brought me great comfort and gratitude. After our time together, the young man sent me a text message. He plans to share the gospel with another young man tomorrow and asked me to pray that God would open that man's heart to receive Jesus. His heart is not yet open, and he has not accepted Jesus, so I would be grateful if you would pray for him whenever he comes to mind.

2. Praise and Prayer:

1) Please pray that, through the blessing of meeting Korean church leaders and students, we may bear much fruit in the vision of **"Every young person taking their next step with Jesus."**
2) Please pray for the discipleship curriculum that we are translating as a resource for the Korean Churches. Specifically, that I can prepare and translate the discipleship curriculum well.
3) Please pray that God would grant me wisdom in the new role He has given me as Ministry Advancement Director, and that the youth ministries in Korean churches would continue to grow.
4) I praise God that He uses our team to share the good news of Jesus. Please keep praying for us to be welcomed into Korean churches so the Lord can use our team to His glory.
5) Our team are currently serve two churches for Core Training and we will add one more church in November. Please pray for the churches to understand the gospel and multiply as a Jesus' disciples.
6) Please pray for our eldest son Ye-Chan(Shawn), for God's guidance and direction as he seeks His will for the next step of his life.
7) Please pray for our second child Ye-Bin(Maddi), as she will now be taking a year off to prepare for the necessary certifications, and we ask for your prayers that she would stay healthy and focused during this time of preparation.
8) Please pray our youngest child Ye-One(Janet), will study well at the school God has planned for her and that she will be used for His glory.
9) Pray that my family will be healthy and that my ministry needs will be fully funded. I am Thankful that God is good and faithful! Now, I'm at 54.5%, which means $3,092 US dollars is being given every month. Praise the Lord! Please keep praying for me to be Spiritually Balanced, Vision Driven, and Fully Funded for His glory.
10) Please especially pray for Joe & Joanne Min who are full-time missionaries that serve with Word of Life Korea. Their daughter Gracie was just diagnosed with acute myeloid leukemia two weeks ago. This week Gracie started chemotherapy treatments. Later on the treatment will be adjusted once the exact type is confirmed. Please join us in praying for Gracie and her family.

Thank you for your investment in Korean Teems with prayer and financial ways.

Love y'all!

Because He first love us!(1 John 4:19)
